

DJC Membership – The Best Deal Around?

The Dorset Junior Chamber (DJC) is continuing to boost its membership numbers through the 2009-10 year and is aiming to top the record membership of March 2009 which stood at well over 100. The networking group, which has been running for over 10 years, aims to bring together young professionals to build business relationships and friendships in an informal setting through a mixture of training and social events.

Katie Wilson, The DJC's President is thrilled to see so many members in these difficult economic times. Ms Wilson comments: "A lot of businesses are facing tough times and may consider cutting back on their outgoings but at the DJC we believe we are offering the best deal around for our members. Our annual membership subscription is just £85.00 for an individual and this gives access to almost £300.00 worth of events throughout the year. Also as an added incentive we are waiving the usual joining fee of £20.00 for those members joining before 31 July 2009."

Katie continues: "It is precisely in times like these that the relationships built between businesses become so important. The DJC provides a fantastic environment for meeting like minded people who can offer support and guidance when it's needed."

The next DJC networking event 'Meet & Drink' will be held on Thursday 6th August 2009 from 6:30pm in 1812, Bournemouth. More details are available at www.djc.org.uk
